LEDlights for more refined cooking

Our LEDlights use far less energy than other lights, with a much longer life expectancy. And they provide expert illumination for greater detail while cooking.

Maximum filtration, again and again

A highly functioning filter that captures and removes fats and odours when cooking. The removable filter can be cleaned in the dishwasher, ensuring that your cooker hood is continually efficient.

Hood Settings. On Demand. With Mechanical Controls

Innovative Mechanical Controls make regulating the cooker hood functions more convenient. From modifying the fan speed to adjusting the light settings, take complete control of the cooking process.
