3. DAILY USE

3.1 Using the hood

Check the recommended speed according to the table below.

	While heating up food, cooking with covered pots.
	While cooking with covered pots on multiple cooking zones or burners, gentle frying.
	While boiling, frying big quantities of food without a lid, cooking on multiple cooking zones or burners.
	While boiling, frying big quantities of food without a lid, big humidity. The hood operates on maximum speed. After 8 minutes the appliance returns to previous setting.

 It is recommended to leave the hood operating for approximately 15 minutes after cooking.

 The control Panel is a sensor field. Touch the symbols to activate the functions.

To operate the hood:

1. Turn on the appliance by pressing the  symbol.

You can now activate the functions.

2. To activate the function touch the symbol.
3. If needed, touch the light symbol  to illuminate the cooking surface.

To turn off the appliance press the  symbol again.

3.2 Activating Maximum Motor Speed

When you press the button , the Maximum Motor Speed starts to operate for 6 minutes. After that time, the

appliance returns to its previous speed settings.

- i** When the function is turned on, additional touch on the button  does not have any effects.

3.3 Activating and deactivating the filter notification

Filter alarm reminds to change or clean the charcoal filter and clean the grease filter. The filter indicator  is turned on (red) for 30 seconds if the grease filter must be cleaned. The filter indicator  flashes (red) for 30 seconds if the charcoal filter must be replaced or cleaned.

- i** Refer to filter alarm in care and cleaning chapter.

1. Switch on the control panel.
2. Make sure that the icons are turned off.
3. To activate or deactivate the charcoal filter notification touch  for 3 seconds.

- i** If the charcoal filter notification is activated, the filter icon  flashes (red) five times.

- i** If the charcoal filter notification is deactivated, the filter icon  flashes (red) three times.

4. CARE AND CLEANING

4.1 Cleaning the grease filter

Each filter must be cleaned at least once a month. Filters are mounted with the use of clips and pins on the opposite side.

To clean the filter:

1. Pull the cover to open it.

2. Press the handle of the mounting clip on the filter panel underneath the hood (1).

3. Slightly tilt the front of the filter downwards (2), then pull. Repeat the first two steps for all filters.
4. Clean the filters using a sponge with non abrasive detergents or in a dishwasher.

- i** The dishwasher must be set to a low temperature and a short cycle. The grease filter may discolour, it has no influence on the performance of the appliance.

5. To mount the filters back follow the first two steps in reverse order. Repeat the steps for all filters if applicable.

4.2 Replacing the charcoal filter

The charcoal filter must be replaced if the filter alarm is on.

 Refer to the filter alarm in this chapter.

The time of saturation of the charcoal filter varies depending on the type of cooking and the regularity of cleaning the grease filter.

WARNING!

The charcoal filter is NON-washable! The filter cannot be regenerated!

To replace the charcoal filter:

1. Remove the grease filters from the appliance.

Refer to "Cleaning the grease filter" in this chapter.

2. Turn the filter counterclockwise (1) and then pull (2).

To mount the filters back follow the steps in reverse order.

4.3 Filter alarm

 Refer to activating and deactivating the filter alarm in daily use chapter.

 Refer to cleaning the grease filter in this chapter.

 Refer to cleaning the charcoal filter or replacing the charcoal filter (depends on filter type).

To reset the alarm:

Touch the  for 3 seconds.

4.4 Replacing the lamp

This appliance is supplied with a LED lamp and separate control gear (LED driver). These parts can be replaced by a technician only. In case of any malfunction refer to "Service" in the "Safety Instructions" chapter.

5. ENVIRONMENTAL CONCERNS

Recycle materials with the symbol . Put the packaging in relevant containers to recycle it. Help protect the environment and human health by recycling waste of electrical and electronic appliances. Do not dispose of

appliances marked with the symbol  with the household waste. Return the product to your local recycling facility or contact your municipal office.
