

Total cleaning coverage

Even a packed dishwasher will get a thorough clean with the Series 40 OrbitClean dishwasher. The spray arm ensures water reaches every corner, so no dish, glass or plate is missed. And with up to three-times better spray coverage than the average, you can expect sparkling results every time.

Product Benefits & Features

Reach every corner with OrbitClean

Brilliant dishwashing results are easily achieved with OrbitClean, giving your dishes three times better spray coverage than a standard dishwashing system. The double-rotating mechanism changes direction and angle during the cycle so water reaches every corner.

Three times better drying, with AirDry

AirDry technology lets air into the dishwasher in the last phase of the drying process. The door will automatically open to allow a 10cm gap, for up to three-times better drying, compared to our closed-door systems.

It's so nice the QuickLift basket can adjust its height

It just got a lot easier to load or remove dishes with the QuickLift basket. Even when the basket has a full load packed with bulky items, the QuickLift system allows you to adjust the height so you can easily reach your dishware.

Quick cycle, to suit your schedule

The Quick programme is ideal when you're short on time, with light loads treated in just 30 minutes. Clean dishes, on your schedule.

Total peace of mind, with MachineCare

The MachineCare programme is designed to keep the dishwasher working at its best. When combined with our special cleaning detergent, grease and limescale are washed away, for better performance and cleaner dishes.
