

ZES6040XBA BI Hob

Gives you some of the quickest results possible!

The ceramic cooking zones on this hob heat far more rapidly than solid hot plates, enabling you to boil water and cook meals even faster.

Why have two control panels, when just one will make life easier?

This hob is controlled via the panel on the oven – it couldn't be more convenient. There's only one place to look at, whether you want to adjust the oven or the hob.

Perfectly matched heating for all your pots and pans

The two different-sized cooking zones on this hob are suitable for pots and pans with a variety of dimensions, for easy, flexible cooking.

More Benefits :

- Ceramic glass surface for fast, easy cleaning
- Pre-mounted springs and brackets for easy installation
