

Glass surface for quick cleaning

The smooth ceramic hob is easy to clean. The completely flat surface can be wiped down once cool, and you don't need to think about any specialist equipment.

Product Benefits & Features

Easy to Clean Hob. Only needs a wipe

The Easy to Clean Hob requires just a few wipes of the ceramic surface to make it spotless and ready for use.

Space for any pan, with OvalZone

OvalZone is designed to make sure you can cook with any pan – no matter how large, or uniquely shaped it is.

Total hob management, with Touch Controls

Specify cooking levels, set timers and adjust temperatures with the Touch Controls. The operation panel is embedded directly into the hob's glass. For full cooking control with a few taps.

Residual heat indicators

The hob's residual heat indicators clearly show if the hob is still warm after you're finished cooking.

No overcooking with Timer function

When the timer you've set runs out, the hob will automatically switch off the heat. It can be set to a maximum limit of 1.5 hours, which means that even if you're concentrating on a few different things at once, your meal will be ready when you are.

- Independent hob with controls
- Fast heating highlight cooking zones
- Number cooking zones
- Built in type: On-top
- Illuminated controls
- Automatic fast heating up
- Timer function
- Residual heating indicator:
- Acoustic signal
- Child safety lock function
- Key-lock function
